America's Leading Coin Auctioneers

ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 percent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 percent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL — IT PAYS.**
2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**
3. Valuation placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin — instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

IS THIS YOUR FIRST AUCTION CATALOG?

23rd EDITION (1970) GUIDE BOOK, PAPER MONEY 6th EDITION "TRENDS" AND OTHER AUCTION RECORDS USED IN CATALOGING

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOT ETHAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

Please allow up to two weeks for receipt of coins; unsuccessful bidder will be notified.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints (yes we receive some now and then), we want to hear them. Having catalogued over two hundred seventy-five successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 percent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 10c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

1895-S PROOF DOLLAR

841.	1895-S GLITTERING GOLDEN PROOF SURFACE GEM, SHARP STRUCK WITH "SQUARE" EDGES! Acquired as a "BRANCH MINT" PROOF. We note several branch mint silver dollars are listed on page 168 of the "Standard Catalogue of United States Coins" last published in 1957. Since then several additional dates have been cataloged by Stacks and others in their sales. After carefully examining this specimen we are forced to agree with this attribution. In this remarkable condition it is far more rare than the Philadelphia coin of this year cataloged at \$4,750. Since we cannot find any previous records for this coin, it is difficult to gauge its value; but we confidently expect this remarkable specimen to realize at least	2,500.00

1463. 1849 OPEN WREATH (only year) "L" ((note similar situation in 1864 cents no "L" and with "L" for Longacre, the engraver) on truncation of bust, acquired as a PROOF. We would prefer to call it a "Presentation Piece." Proofs and "Presentation Pieces" prior to 1858 were made on special order for Congressmen, presentation to foreign governments, etc. While some resembled the proofs made for collectors from 1858 to date, many did not have all the characteristics of the later proofs. **1928 SMALL FEDERALS, GREEN SEALS, TYPE I
(GOLD OBLIGATION & NUMBER)**

Increasingly popular, this “current size” series added a new “type” to the previous five types when the Treasury Seal was changed for the “Series 1969”. Many are starting with the still available (in most of the 12 districts) series 1963-A and 1963-B (\$1 Barr only). The older issues are still quite reasonably priced but judging from what has happened in other series, this situation cannot prevail for very much longer. No large supplies seem to have been laid away, therefore current offerings seem rather infrequent and sparse. We cannot help but feel that this series offers excellent possibilities for enhancement in future value as more collectors are attracted to them. WE DO NOT KNOW OF ANY COMPLETE SET OF SMALL SIZE FEDERALS! Undoubtedly, many listed at only a nominal value are rare — just check sales of the last 36 years (since we have been professionals) and see how many were missing or infrequently offered over the years.
